KPMG

2023 MISSION MOMENT

Every cancer. Every life.

The mission moment of Hope Ball 2023 will raise funds for cancer research with a spotlight on innovation and groundbreaking research.

FUNDING CANCER RESEARCH

At the American Cancer Society, we're on a mission to end cancer as we know it, for everyone. Until we do, we'll be funding and conducting research. Our grants fund high impact and innovative cancer research conducted by hundreds of promising scientists and health care professionals—primarily early in their careers—at institutions across the United States. We are committed to maintaining a broad cancer research portfolio—any type of cancer and within any part of the cancer research continuum. In addition, we place a special emphasis on solution-based health equity research. Consider supporting the mission moment of the 2023 Hope Ball and help the American Cancer Society support cancer research grants that may lead to the next breakthrough.

JOIN US

Become a sponsor and join the company of top corporations that supported Hope Ball and the American Cancer Society last year!

THANK YOU TO OUR 2022 SPONSORS

Benefitting

WHY BECOME A 2023 CORPORATE SPONSOR?

- Positioning yourself as a partner of the American Cancer Society - the largest and most respected voluntary health organization in the United States - will bolster your company's reputation and demonstrate your commitment to serving the community.
- 74 percent of consumers are likely to support a sponsor associated with a charity like the American Cancer Society.
- Our brand helps to clearly identify your organization, set it apart from other organizations, and ultimately create relationships with our communities. The American Cancer Society has a 98 percent recognition rate among Americans. No other health organization has a higher rating.
- Americans believe cancer is the single most important health problem they face today.
